Achievement tests

The third grade reading and math achievement test will be given April 30 and May 1. A summer intervention program will be required for third grade students who don't pass both tests. The summer program will be held July 30 - August 3. Reading help will be from 8 a.m. to 11 a.m. while the math program will run from noon to 3 p.m. All sessions will be at Lakewood Middle School. Lunch will be provided.

Kissing a pig

Since Hebron Elementary exceeded its goal of earning 15,000 points for the Licking County Food Pantry, Principal Jon Carroll had to follow through on his promise to kiss a pig at an assembly. He won't be looking at bacon the same way for many years to come.

Motivational speaker

Thanks to the Hebron Lions Club, all second and third grade students had a special classroom visitor on April 9. Ron Derry, a former classroom teacher and coach, is a blind motivational speaker who brings a valuable and inspirational message to children throughout Central Ohio.

School visits

Jackson Elementary students in grades K-1 will tour Hebron Elementary on May 6 as part of their move to Hebron in August. Hebron students in grades 2-3 will tour Jackson Intermediate the same day. Third grade students from both schools will present a special spring program at 6:30 p.m. on Thursday, May 17 in the high school auditorium. It is part of this year's Fine Arts Festival.

Alignment of Grades

Next school year, Lakewood Schools is realigning grades K-5. This project has been in the works since February 2006. Starting when students return this August, Grades K, 1 and 2 will attend Hebron Elementary. Jackson Intermediate (campus style) will house Grades 3, 4 and 5. Before this school year ends, all students, Grades K-5, will be involved in activities to help them get acquainted with their building for next school year. A "Meet the Teach Night" has been set for Monday, August 20. At this event, parents and children will be able to meet teachers and tour their school.

Middle School News

The Bamboo Orchestra gave three energetic performances in the auditorium on March 9 for students and staff. The Japanese performers explained how the design of their instruments resulted in a unique configuration of sounds. They also presented interesting cultural and geographic information about Japan. Students were given percussive instruments so they could accompany the performers on a song.

Eighth graders recently participated in our annual field trip to C-TEC so they could learn about vocational programs as they begin to consider their high school options. C-TEC accepts high school juniors into two-year programs designed to teach skills and knowledge sufficient to gain entry into a number of skilled occupations.

Many eighth graders and staff members left on a tour bus for Washington, D. C. on Tuesday, April 10. The Washington trip reinforces their understanding of our national government. They returned on Friday, April 13.

Our talent show has grown into quite an event in its four-year history. This year, 23 talented students showcased a variety of skills, including singing, dancing and instrumental acts. Participants auditioned before a panel of teach and student judges, then honed their acts during rehearsals before performing for a live audience in true 'Idol' style.

Twelve student council members with advisor Pam Hundley worked behind the scenes with lights, props and staging. Teachers Rob Caldwell and Debby Warthen helped make the night a success. Two council members, Jared Halter and Kayla Liston, hosted the event while three others, Trent Ghiloni, Kahley Thompson and Liz Stringer served as "judges."

"It's a show, not really a contest," Mrs. Hundley explained. "The panel of judges is just for fun." And that's just what everyone had!
